Description

Reduced to \$695,000 for a Summer Sale. SEQUENCE is a 2009 model Grand Banks 41 Europa featuring a two stateroom layout, very spacious salon and large covered aft deck. Fully equipped with twin Cummins QSB 5.9, 425 HP each, (approx 1,815 hrs), Joystick control with Skyhook Station Keeping and Autopilot, ABT-TRAC Stabilizers, E-Plex yacht control and monitoring system, Onan 11.5kW Generator (approx 1,470 hrs). 4-Zone A/C and all new Garmin Electronics in 2022.

The expansive flybridge is easily accessed from a staircase on the aft deck, with two Pompanette helmseats, large L-settee to starboard, storage below, teak table, port side straight settee. The new Gala tender with Steelhead davit are also aft on the flybridge.

SEQUENCE is a perfect cruiser offering impeccable build quality, easily handled by a cruising couple and highly maintained by her knowledgeable owners. There are many recent upgrades including two new lower Zeus pods.

Accommodations

Double Berths:	1	Heads:	1
Twin Berths:	2		
Cabins:	2		

Overview

With a wide 15' 8" beam and outstanding visibility from the helm and throughout the main deck, the 41EU feels far more open and expansive than other boats of this size. Contemporary fabrics and fixtures combine with teak cabinetry for an elegance and style.

The spacious well-equipped galley is forward of the Salon. The galley offers expansive views and an extensive Corian countertop workspace, with the refrigerator and microwave positioned under-counter. An abundance of smartly designed storage lockers and drawers securely stow dishes, flatware, cookware and all supplies.

The Salon features generous seating around an inlaid teak table. This living space opens aft to a Cockpit, at the same level, that is protected from elements by the extended flybridge deck.

Master and Guest staterooms comfortably accommodate two cruising couples. Forward is the comfortable Master Stateroom with centerline queen berth and luxurious en-suite head with separate stall shower. This en-suite head has a secondary entrance from the companionway. The Guest Stateroom to port features two generously sized single berths, each with drawer storage below and reading lights above. These two berths can easily convert to one large double berth. Two portlights and an overhead hatch provide abundant light and ventilation, as well as the Heat and A/C.

The Flybridge is comfortable and spacious with full instrumentation, two helmseats, settees, table and davit with tender located aft.

The vessel is easily run from the flybridge or lower helm station, both with dual Cummins Smartcraft Displays, with Joystick Control, Skyhook Station Keeping and Autopilot. The lower helm is on a raised platform which provides exceptional visibility. There is a helm door to the starboard deck for easy docking.

Salon

- Door, sliding, aft (fiberglass/teak), with Phantom screen door
- Reading lamps, chrome-plated
- Port L-shaped Settee, approx. 84" x 44", with storage below
